## Letter of support

**IOANNINA 2030**

**Climate-Neutral and Smart Cities Mission**

**Call for Expression of Interest**

I, the undersigned Director of the Laboratory, representing the Laboratory of Climatology and Atmospheric Environment (LACAE) of the Department of Geology and Geoenvironment at the National and Kapodistrian University of Athens (NKUA), with this letter, confirm our organization's support to Expression of Interest of City of Ioannina to be one of the 100 European climate-neutral and smart cities by 2030 under the EU Cities Mission call.

Laboratory of Climatology and Atmospheric Environment is in full accordance with the scope and objectives of the Climate-Neutral and Smart Cities Mission.

Laboratory of Climatology and Atmospheric Environment will be glad to cooperate with Ioannina city and Municipality in order to succeed the target of climate neutrality until 2030, supporting the assigned Task Team of Municipality with the research knowledge and academical experience we have, and tools or equipment we have developed through other projects towards the same target.

Moreover, we will further disseminate and exploit the project's results especially in involvement of other fellow Universities in order not only to support Ioannina's City steps towards climate neutrality, but also use their expertise in according field to promote and motivate other Cities towards climate neutrality.

Hoping that Ioannina's city proposal will be successful, we look forward to assisting the achievement of the proposed objectives.

Towards a Climate Neutral City of Ioannina.

Yours sincerely,

Panagiotis Nastos
