**IOANNINA 2030**

**Climate-Neutral and Smart Cities Mission**

**Call for Expression of Interest**

I the undersigned, Mayor of Limassol Municipality, with this letter confirm our organization's support to Expression of Interest of City of Ioannina to be one of the 100 European climate-neutral and smart cities by 2030 under the EU Cities Mission call.

Limassol as a Municipality, is in full accordance with the scope and objectives of the Climate-Neutral and Smart Cities Mission.

Limassol Municipality will be glad to cooperate with Ioannina city and Municipality in order to succeed the target of climate neutrality until 2030, supporting the assigned Task Team of Municipality with the Lessons Learned and best practices used within our Municipality towards the same target. For sure we will evaluate the plan to be developed towards climate neutrality, and organize a plan for our own Municipality through Ioannina's City efforts.

Moreover, we will further disseminate and exploit the project's results especially in motivating other fellow and neighboring Municipalities in order not only to support Ioannina's City steps towards climate neutrality, but also use the results and plans that will be developed within the project towards their Cities climate neutrality.

Hoping that Ioannina's city proposal will be successful, we look forward to assisting the achievement of the proposed objectives.

Towards a Climate Neutral City of Ioannina.

Yours sincerely,

Nicos Nicolaides
